Centre arms itself legally to defend PSUs' disinvestment

Move comes after several petitions challenging the policy were filed across the country

NIKUNJ OHRI

4.23

New Delhi, 6 May

The Centre has armed itself with a legal strategy to defend privatisation of public sector undertakings (PSUs). This comes amid a barrage of legal cases being filed to stall the government's strategic disinvestment move, said a senior government

The government's strategy is to defend privatisation cases on grounds that economic policy matters — including divestment — are not amenable to iudicial review and remain under the exclusive purview of the Centre.

This is based on the Supreme Court's judgment in the Balco case that held that matters of economic policy, including "complex economic matters" such as divestment, are not within the court's domain.

This comes on the back of several petitions being filed across the country to derail the Centre's divestment drive.

The government's stand is clear with the announcement of the new Public Sector Enterprises (PSE) policy that bare minimum presence will be maintained in strategic sectors. And, it is ready to defend this policy decision,

TAKING GUARD

■ Centre's view in economic policy matters, including divestment, not amenable to iudicial review

■Centre ready to defend new public sector enterprises policy

■In cases where litigation is filed by employees, the view is that workers don't have vested rights in the employer company, whether it is govt owned or not

■As per Companies Act, govt as a shareholder has the right to transfer its shares

said the official.

Strategic sectors include atomic energy, space, defence, transport, telecommunications, power, petroleum, coal and other minerals as well as banking, insurance and financial services.

He added, "The number of cases filed in courts has increased, and the officials at the department of investment and public asset management (DIPAM) are involved in defending the government's stance."

Citing the example of the initial

public offering (IPO) of Life Insurance Corporation of India (LIC), the official said, "Days before filing the draft red herring prospectus (DRHP), a petition was filed to block the IPO. This was one of the reasons that led to a delay in filing of the DRHP."

Not just LIC, the same challenges cropped up for Air India and Central Electronics, the official said.

In cases where litigation is initiated by employee unions, like in Central Electronics, the view is that

workers/employees do not have vested rights in the employer company, whether it continues to be a government company or not.

The view has been formed through past court rulings that there is no principle of natural justice that requires prior notice to persons who are generally affected by an economic policy decision of the government.

The Centre is learnt to have told the court in one of the cases that the government is a shareholder in a PSU according to the Companies Act, and a shareholder has the right to transfer its shares.

Also, it said employees have to accept the right of shareholders and directors to run the affairs of a company in accordance with the law. Employees cannot claim continuous consultation at different stages of the divestment process if it is carried out without contravening the law.

The Centre said it's an incidence of service for an employee to accept the decision of the employer, which is not contrary to the law. Even a government servant, having employment protection under the Constitution. has no absolute right to remain in service, it added.

ONGC to offer its 49% shares in Pawan Hans to new buyer

New Delhi, 6 May

Oil and Natural Gas Corporation (ONGC) will offer to sell its 49 per cent stake in Pawan Hans to its new buyer-Star9 Mobility Pvt Ltd after the government issued a letter of award (LoA) for its sale, said an official.

"Within seven davs of issuing the LoA, ONGC will offer to tender its shares in Pawan Hans at the same price at which the Centre is exiting the helicopter service provider," a senior government official said. The government intends to issue the letter next week, the official added. Pawan Hans is a joint ven-

ture between the Centre and ONGC, and the former has decided to sell its 51 per cent stake to Star9 Mobility for ₹211 crore. The preliminary information memorandum (PIM) had stated that ONGC will offer its entire 49 per cent shareholding to the successful bidder on the same price and terms.

seven days to decide if it wants to buy the remaining 49 per cent stake held by the (PSU), the official. "The buyer

can even decide not to buy ONGC's stake," the official

Due sale process followed Last week, the Centre identi-

fied Star Mobility — a consortium of Big Charter Pvt Ltd, Maharaja Aviation Pvt Ltd, and Almas Global

Opportunity Fund SPC — as the successful buyer for Pawan Hans. The official said all due conditions laid out by the government in the preliminary information mem-ONGC, the new buyer will get orandum (PIM) have been followed to identify the buyer.

This comes after political parties alleged that the idenpublic sector undertaking tified buyer does not meet the Maharaja Aviation — holding buyer in about one-and-aminimum net worth criteria

allegations, the government official said, net worth of all consortium members is considered before shortlisting buyers and not the special purpose vehicle (SPV) that is created by these interested parties to buy the Centre's

The conditions clearly state that if air transport service operators (ATSO) bid hold up to 51 per cent in the ments by l purpose vehicle (SPV), their net worth would be considered as nil. In case of Star9 Mobility, two consortium partners — Big Charter and 26 per cent and 25 per cent,

their net worth would be considered nil. The third consortium partner Almas Global, with 49 per cent, had a net worth of ₹691 crore at the time of placing bids. Almas Global's net worth will be considered as the net worth of the entire consortium, the official said. The consortium members

had the option to form an SPV for acquiring the stake in Pawan Hans any time after submission of expression of interest (EOI). The consortium members created Star9 Mobility in October 2021 for placing their bids. "The SPV was formed

solely to consummate the transaction," the official said. To complete the transaction, the consortium members will have to transfer funds to the SPV for buying the government's stake, he added. All due processes have

been followed for the transaction, including sharing of through a consortium, and the annual financial stateconsortium members for he 12-month period preceding the publication of PIM.

The Centre is looking to hand over the PSU to the new half months, the official said.

Govt bond auction for ₹32,000 crore sails through

ABHIJIT LELE Mumbai, 6 May

The government bond auction for ₹32,000 crore, the first after the 40 basis point hike in the policy repo rate, sailed through on Friday as the Reserve Bank of India (RBI) accepted the bids.

The auction was scheduled for four securities — 5.74% GS 2026 (₹9,000 crore), GOI Floating Rate Bond 2028 (₹4,000 crore), 6.67% GS 2035 (₹10,000 crore), and 6.99% GS 2051 (₹9,000 crore).

Bond dealers said the yield had moved up before the reporate hike. The acceptance of bids indicates the RBI is not alarmed at the rising

If government borrowing costs are rising, there is a case for companies raising money through bonds.

The cut-off for 5.74% GS 2026 paper was 7.20 per cent at auction. The closing yield for the same paper in the market was 7.23 per cent, according to Clearing Corporation of India's

The cut-off for the 6.67% GS 2035 bond was 7.61 per cent. The closing market yield for this paper, at 7.64 per cent, was higher than the RBI's cut-off at the bond auction.

Meanwhile, the bond yield on the 10-year benchmark hardened by five basis points to 7.45 per cent at the close of trading.

ICICI Bank, in its note after the policy rate hike, said the Monetary Policy Committee (MPC) of the RBI delivered a surprise with an off-cycle policy repo rate hike of 40 bps, given the rising domestic and global inflationary pressures and the Fed rate hiking cycle.

The MPC believes there are upside risks to India's inflation trajectory set out in April 2022. Besides hiking the policy repo rate, the RBI increased the cash reserve ratio by 50 bps to 4.5 per cent to absorb excess liquidity.

Sagarmala worth ₹6.5 trn now with 735 new projects

New Delhi, 6 May

The Centre's Sagarmala plan for port-led development on Friday saw an addition of 735 projects, taking the total pipeline to 1,537 projects.

The cost of the project will now be ₹6.5 trillion, said Sarbananda Sonowal, minister of ports, shipping and waterways. After the meeting of the National

Sagarmala Apex Committee (NSAC), the minister said that the government will undertake projects worth ₹58,700 crore. It will be for the development of coastal districts across the country. "While Sagarmala is port-led and

focuses on reduction in the cost of logistics and EXIM (export-import) competitiveness, holistic development of coastal districts aims to bridge gaps in infrastructure and create economic opportunities," the minister said. The government is also adding 168 other projects for development,

with a cost estimate to the tune of ₹50,000 crore. The ministry's focus will be on PPP projects. A total of 29 projects worth ₹45,000 crore have been successfully implemented additional 32 PPP projects worth ₹51,000 crore are currently being implemented, Sonowal said.

The net additional cost of the maritime plan is ₹1 trillion now.

Business Standard had reported on Wednesday that the government opment efforts, as these projects will is likely to almost double the proj-now be supported financially by the

India, S Africa, EU, US proposal discussed at TRIPS meet

Kirtika.Suneia @timesgroup.com

New Delhi: China and the African Group were among the members of the World Trade Organization (WTO) who raised concerns over the 10% export threshold for vaccine exporters and exclusion of therapeutics, diagnostics and transfer of technology, in a meeting of the Trade-Rela-ted aspects of Intellectual Property Rights (TRIPS) Co-

uncil held on Friday. The meeting was held to discuss a proposal floated by India, South Africa, the US and the EU to waive patents on Co-

vid-19 vaccines Sources said discussions on the proposal will continue as some countries like the UK said the proposal is not endorsed by any member and it is unclear how a dialogue can be established in such case.

As per the proposal, developing countries which exported more than 10% of world exports of Covid-19 vaccine doses in 2021 are not eligible for the waiver. The proposed solution also limits the product scope to vaccines with a commitment to decide on the extension of the solution to therapeutics and diagnostics within six months from the date of the decision on vaccines.

The proposal also allows eligible members to issue a single authorisation to use the subject matter of multiple patents, export the vaccines and supply to regional or international initiatives such as Covax.

According to sources, several delegations said the proposal is deficient regarding other crucial elements of the Covid-19 response such as therapeutics, diagnostics and

are equally important to combat the pandemic in a holistic manner.

South Africa favoured a solution-oriented mode to reach an outcome before MC12 by engaging in text-based negotiations.

"It said many members have been demanding for months the waiver request from certain provisions of the TRIPS Agreement for the prevention, containment and treatment of Covid-19," the official said.

India and South Africa had in 2020 proposed a comprehensive waiver of certain provisions of copyrights, industrial designs, patents and protection of undiscloinformation in the TRIPS agreement for available Covid-19 treatments, technology and vaccines to help countries fight the pandemic. The move is now sponsored by 65 WTO members including the 44 count-

FEMA Clearance Must for Offering Securities to Cos from Border Nations

Move aimed at preventing Chinese investors from taking control of Indian firms

Our Bureau

New Delhi: Companies will now have to ensure that they have government approval under the Foreign Exchange Management rules before offering securities to any entity from a country that shares a land border with India.

The ministry of corporate affairs (MCA) has notified the Companies (Prospectus and Allotment of Securities) Amendment Rules, 2022, reflecting the changes in the foreign direct investment regime.

"No offer or invitation of any securities under this rule shall be made to a body corporate incorporated in or a national of a country which shares a land border with India, unless such body corporate or the national, as the case may be, have obtained government approval under the FEMA (Non-debt Instruments) Rules, 2019," the notification said.

In case companies have offered securities to such entities, they must give a declaration that approval has been given for the transaction and should attach the approval letter along with the private placement offer cum application letter. In 2020, the government had placed all FDI from border countries under the approval route to curb opportunistic takeovers during the pandemic

ED and I-T dept are probing many firms with Chinese links suspected of money laundering, tax evasion

The latest move is in line with these changes, which were largely aimed at preventing Chinese investors from taking control of Indian companies.

Law enforcement agencies, such as the Enforcement Directorate and the Department of Income Tax, were probing many firms with Chinese links suspected of money laundering and tax evasion, based on their intelligence inputs.

The move puts the onus of compliance on the recipient of investments.

'The recent notification from the ministry of corporate affairs only aligns the corporate laws with this policy restriction and approval requirement. The notification, however, casts an additional procedural compliance on the Indian investee company by requiring it to furnish the approval along with its private placement related filings," Sandeep Jhunjhunwala, M&A Partner at Nangia Andersen LLP, said

Free Trade Pact with EU by Next **Year: Goyal**

Our Bureau

New Delhi: Commerce and industry minister Piyush Goyal on Friday said India will be able to conclude a free trade agreement (FTA) with the European Union by next year. At an event organized by the IMC Chamber of Commerce, Goyal also said that

three rounds of negotiations have been held with the UK and there is a possibility of a fourth-round soon. Goyal said that he will be meeting representatives from the UK

on May 26-27. He also said the country could have attracted foreign direct investment of \$82 billion in 2021-the highest ever-as India has emerged as an island of stability due to important investment-friendly attributes such as rule of law, democracy, and policy predictability underpinning business expansion.

Pawan Hans will Fly to Star9 in 2 Months

All due diligence followed: MoF sources

Our Bureau

New Delhi: The Centre will complete the handover of loss-making helicopter service provider Pawan Hans to Star9 Mobility in the next two months.

Sources from the finance ministry said all due diligence was followed in the award of bid and the net worth of consortium was ₹710 crore, against the mandatory requirement of ₹300 crore for the consortium to bid for the company, "The letter of award will be issued next week after which the buyer will have to get regulatory clearance. The handover process is expected to be completed within two months," the official said.

Star9 Mobility, a consortium of Big Charter, Maharaja Aviation and Almas Global Opportunity Fund SPC, emerged as the highest bidder, quoting ₹211.14 crore last week. There were allegations in certain quarters that Star9 Mobility did not meet the eligibility criteria.

"All due diligence was followed and the consortium fulfills all conditions mandated. The networth of the consortium which bid for Pawan Hans was ₹691 crore much more than the mandated ₹300 crore," a senior finance ministry official said. Clarifying the charges that the company is just six months old, the official added that Maharaja Aviation and Big Charter were incorporated in 2008 and 2014 respectively, while Almas Global Opportunity Fund SPC, under Almas Capital, has been there since 2017.

Projects Under Sagarmala Programme Hiked to 1,537

New Delhi: The shipping ministry has increased the number of projects under the Sagarmala Programme to 1,537 from 802, taking the total worth to ₹6.5 lakh crores. This decision was taken at the National Sagarmala Apex Committee (NSAC) meeting on Friday.

Addressing journalists after the event, shipping minister Sarbananda Sonowal said: 'The new Sagarmala programme will also enhance the emphasis on holistic development of coastal areas. There are currently 802 projects worth ₹5.5 lakh crores under Sagarmala programme targeted to be executed by 2035.

A senior shipping ministry official said identification of a project under Sagarmala scheme will result in 50% of project cost being borne by the Centre. - Our Bureau
